

2009 CLASS OPTIONS & PROGRAMS

In addition to our \$12 drop-ins, we have the following two programs available.

Monthly Once per Week \$39.00

This is our second most popular program, allowing students to come to one class per week. This program provides students with the option of choosing which class they want to attend each week, which can vary from week to week. If their schedules change, no problem...we offer classes seven days per week to accommodate them. Plus....depending on how the calendar year falls, you might occasionally get a free week!

Monthly Unlimited \$54.00

This program is our most popular and most cost effective. If you think you will be coming to class five or more times per month, this is definitely the program for you. The monthly unlimited program allows students to come to as many classes as they want each month.

FREQUENTLY ASKED QUESTIONS

Q: What if I choose to sign up in the middle of the month?

A: Your program will be prorated for the remainder of that month and you will begin the regularly scheduled billing cycle at the first of the next month.

Q: What if I know I'm going on vacation and won't be able to make it to class for 2 weeks out of the month, can I make those up?

A: No, you cannot make classes up. However, if you know you will miss classes, just simply advise us in writing when you will be gone and when you will return and we will place your account on hold.

Q: I would rather pay by cash or check instead of having my credit card billed automatically. Can I do this?

A: Yes. As long as payment is received by the 7th of the month, you can pay by cash or check. If you fail to provide payment by the 7th, however, your services can be interrupted.

Q: I've handed out several referral postcards and bring several friends to classes. How do I get credit for those now?

A: For each friend that signs up referred by you, we will credit you for ONE week of the monthly program you are signed up for.

Q: How long are the contracts for?

A: They are month-to-month. If you decide to not renew the following month, just simply advise us in writing by the 20th of the month and you will not be charged for your program fee.
